

FarmSafe™ Weed Terminator

FarmSafe Weed Terminator

Providing an Effective and Natural Weed Control Option for Vineyards

Use a herbicide that works for your soil health, not against it.

Contact Organics Weed Terminators are a cost effective, fast acting and Non-Toxic Herbicide option for weed control in vineyards. Our dual action system controls weeds and grasses as well as improves soil health. Check online for stockists, call the number below or email info@contactorganics.com.au
