

# INVASIVE WEED CONTROL

# SERRATED TUSSOCK

Combining cutting-edge technology and scientific research with naturally based ingredients, we present a breakthrough in effective environmentally friendly weed control.

Serrated Tussock | Eynesbury VIC

**FarmSafe™**  
**WEED TERMINATOR N**  
CONCENTRATE

**Product Applied**  
FarmSafe Weed Terminator N

**Application Method**  
Backpack Spray

### The Weed Terminator Difference

- ✓ Naturally-based ingredients
- ✓ Suitable for all agricultural operations
- ✓ A residual-free herbicide and no withholding period
- ✓ Non-toxic to humans, livestock, and animals
- ✓ Fast acting, providing near immediate results
- ✓ Beneficial to Soil Health
- ✓ Effective on a wide range of invasive weeds
- ✓ Suitable for glyphosate-resistant weeds
- ✓ Able to desiccate seeds, stopping seed germination which lengthens the spray intervals
- ✓ Supports regenerative/sustainable farming practices
- ✓ Glyphosate free

### Seed Review

On the top, non treated, filigrane with abundance of seed. Compare to 4 days after treatment yellow weed and no visible black seeds.

Desiccated Seeds NO Germination.
